

GIVING CAMPAIGN 2021

Serving the Visual Needs of Those Less Fortunate Around the World...

WWW.VOSHMINNESOTA.ORG

DONATE NOW.

Help us achieve our goal of raising \$5,000 to purchase a hand-held portable slit lamp magnifier.

This equipment will allow us to examine and treat ocular disease in patients on missions across the planet.

Since 1976, Volunteer Optometric Service to Humanity, Minnesota Chapter has successfully conducted over 100 missions to countries around the world and cared for hundreds of thousands of individuals. Your support helps us continue these important missions.
